

CALL FOR TENDER MARATHON RELAY

25TH DRESDEN-MARATHON, 26.10.2025

As a club, as a company, as a family or simply with friends - run a whole marathon once. Why not in a relay team? Train together - run together - win and celebrate together. You run on the original marathon course over 42.195 kilometres, divided into four sections between 7.2 and 13.9 kilometres - past baroque and nature, through Dresden's old town, the Great Garden and along the Elbe.

Depending on your age and fitness level, you can choose from sections of different lengths.

The highlight of your relay is the joint finish through the marathon gate of the Heinz Steyer Stadium.

FINISH: HEINZ-STEYER-STADION, finish at 4.00 pm

TIMING

Timekeeping at the DRESDEN-MARATHON takes place exclusively via the RFID transponder (disposable transponder), which is integrated in the personal start number. Please attach the race number with safety pins at chest height. The race number must not be bent, covered or altered, otherwise timekeeping cannot be guaranteed. Gross and net times will be recorded. The finishers are counted according to the net time (effective running time), which crosses the start and finish as well as all control mats laid out on the course.

There is no additional transponder fee. It is not necessary to return the transponder.

LUGGAGE STORAGE

The official clothing bag must be labelled with the start number and handed in at the signposted drop-off point. Clothes bags cannot be handed in at the start! Clothes bags must be collected by 5pm at the latest. The organiser accepts no liability for damage or loss.

STARTING LINE-UP

From 10:10 am

Starting block division (see start number): A+E (Elite) / B / C.

TIME RUNNER SERVICE

In cooperation with PacerTeam.de, the organiser will be providing its tried and tested train runners for the following finish times:

3:00 / 3:15 / 3:30 / 3:45 / 4:00 / 4:15 / 4:30 hrs.

ROUTE LAYOUT / CHANGEOVER POINTS

The start numbers of the marathon relay participants differ in colour from those of the other marathon runners. This makes it possible for the stewards to point out the changeover points to the relay participants. For this reason, the race number must be clearly visible at all times.

The exchange points can be easily reached by public transport (see next page). Due to the numerous road closures, you should not attempt to organise your own transport to the exchange points.

The relay transition points are separated from the actual running course. Approx. 100 metres before the respective transition points, signs and stewards indicate the upcoming transition zone.

At each changeover point there is a "pit lane" for handing over the "baton" (transponder with Velcro tape on the foot). The allocation to the respective pits is based on the start number.

Distance 1st runner: approx. 13.4 km

Start Pieschener Allee to the changing point Straßburger Platz / Gläserne Manufaktur

Starting block allocation according to the "planned running time" of the starting runner and according to the marking on his starting number.

Distance 2nd runner: approx. 7.2 km

Change point Straßburger Platz / Gläserne Manufaktur to change point Waldschlößchenbrücke

Distance 3rd runner: approx. 13.9 km

Change point Waldschlößchenbrücke to change point Straßburger Platz / Gläserne Manufaktur

Distance 4th runner: approx. 7.7 km

Changeover point Straßburger Platz / Gläserne Manufaktur to finish Heinz-Steyer-Stadion

Joint finish: At kilometre 41.7 it is possible for runners 1-3 to join the final runner and cross the finish line together. To do this, the 3rd runner would have to take the tram from Straßburger Platz to Postplatz (approx. 6 min journey time). From there you can reach the entry point (yellow/blue beach flag "MEETING POINT"), Terrassenufer near the Semperoper after a walk of approx. 500 metres. It is then only a 450m walk to the finish.

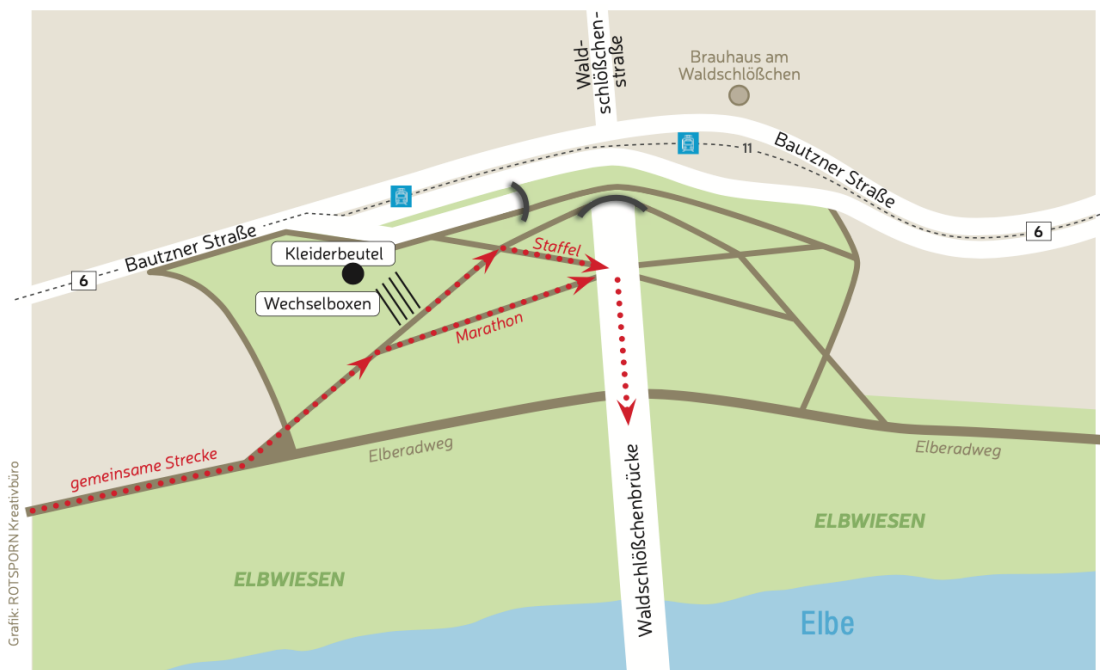

The finish is at 16:00. The event period is limited in time and the road closures on the running course only exist within the specified running times

WECHSELSTELLE 1+3 GLÄSERNE MANUFAKTUR

WECHSELSTELLE 2 WALDSCHLÖSSCHENBRÜCKE

Travelling to and from the exchange points is by public transport. The start number is valid as a ticket on the day of the marathon. Please note: Please allow sufficient time on the day of the race, as there may be delays due to road closures.

The interchange 1+3 (Straßburger Platz / Gläserne Manufaktur) can be reached from Postplatz by tram lines 1, 2, 4, 12.

You can reach **interchange 2** (Waldschlösschenbrücke), for example, from the stop "Kongresszentrum" / Haus der Presse" by tram line 11 (approx. every 15 minutes, journey time approx. 20 minutes).

ATTENTION: Line 11 does NOT run from 10.30 am to approx. 11.15 am.

CHANGE OF CLOTHING AND TRANSPORT

The clothing drop-off point for the "pre-race" clothing of runner 1 and the "post-race" clothing of runner 4 is located in the finish area. The clothing bags can be stored there until 5.00 pm on the day of the marathon. The transport of the clothing bags to the transition zones must be arranged individually, there is no possibility of organised transport. We recommend the following procedure for the team:

Runner 1 has the opportunity to hand in a clothing bag with his "pre-race" clothing. A second clothing bag must be packed for the "post-race" clothing and labelled with the start number. Runner 2 transports this bag to the transition area and hands it over to the short time storage. It is imperative that it is labelled with the race number! Runner 1 takes his own bag after his run and, if necessary, a bag with the "pre-run" clothing from runner 2. These bags can be handed in again in the finish area so that there is the possibility of crossing the finish line together.

Runner 2 takes a clothes bag with the "NachLauf" clothes for runner 1 to the transition area Straßburger Platz. There you have the possibility to hand in a bag with "pre-race" clothes, which runner 1 will then take to the finish. It is imperative that it is labelled with the start number! Runner 2 must hand over a second clothing bag with his "post-run" clothing to runner 3 before the race. He will receive this back in the Waldschlößchenbrücke transition area at the short-term storage area. Runner 2 takes his own bag after his run and, if applicable, a bag with the "pre-run" clothing from runner 3. These bags can be handed in again in the finish area so that there is the possibility of crossing the finish line together.

Runner 3 takes a clothing bag with the "NachLauf" clothing for runner 2 to the Waldschlößchenbrücke transition area. At the same time, he hands over a clothing bag with his own "NachLauf" clothing to runner 4 before the run. This bag will be returned to him after his run at the short time storage of the transition area Straßburger Platz. He can hand in his "pre-run" clothing at the Waldschlößchenbrücke transition area. After his run, runner 3 will receive his bag with his "NachLauf" clothing and, if applicable, a bag with the "VorLauf" clothing of runner 4 in the short time storage area. It is essential to ensure that the bag is labelled with the run number! These bags can be handed in again in the finish area so that there is the possibility of crossing the finish line together.

Runner 4 takes a clothing bag with the "NachLauf" clothing for runner 3 to the transition area Straßburger Platz. His own "NachLauf" clothing can be stored in the finish area at the general clothing drop-off point. At the transition area Straßburger Platz, runner 4 can hand in a 2nd clothing bag with his "pre-run" clothing. Runner 3 transports this bag to the finish. If a joint finish is intended, this bag would have to be carried to the finish for the last few metres, as there may not be enough time to hand in the bag at the finish area.
